July through September, use your Qualstar Check Card for 10 or more purchases that you sign for (instead of using your PIN) and **we'll deposit \$5 into your checking account** at the end

of each month.\* **That means you can earn up to \$15 extra...how great is that?!**

All you have to do is choose "credit" when you use your card (the funds still come out of your checking account) and sign for your purchase. Do that 10 times each month through September and you're automatically \$15 richer!
